

# QT-2000

## Versatile Intelligent Terminal

### Programming Manual

Version 2.0.0 June 1998

**CASIO**

# **Contents**

---

|   |           |
|---|-----------|
| <b>1. Machine Initialization .....</b>  | <b>8</b>  |
| 1-1. How to initialize QT-2000 terminal .....                                   | 8         |
| 1-2. How to initialize QT-2000 terminal (add/replace one QT-2000) .....         | 11        |
| 1-3. How to flag clear QT-2000 terminal (INIT2, Restore from flash) .....       | 14        |
| <b>2. Program 5 .....</b>   | <b>16</b> |
| 2-1. Programming memory allocation (daily & program) .....                      | 16        |
| 2-2. Programming memory allocation (periodic & work) .....                      | 17        |
| 2-3. Programming memory allocation file by file (Method 1) .....                | 18        |
| 2-4. Programming memory allocation file by file (Method 2) .....                | 19        |
| <b>3. Program 4 .....</b>   | <b>24</b> |
| 3-1. Programming key allocation .....   | 24        |
| 3-2. Programming key allocation (key location change) .....                     | 26        |
| 3-3. Programming key allocation (different function on the same location) ..... | 28        |
| <b>4. Program 3 .....</b>   | <b>32</b> |
| 4-1. Programming machine features .....   | 32        |
| 4-1-1 Programming pulldown group (adding/modifying/deleting group item) .....   | 32        |
| 4-1-2 Programming set menu table .....  | 34        |
| 4-1-3 Programming arrangement .....   | 36        |
| 4-1-4 Programming batch X/Z report .....  | 37        |
| 4-1-5 Programming the general feature .....                                     | 39        |
| 4-1-6 Programming scheduler .....   | 56        |
| 4-1-7 Programming check print .....   | 58        |
| 4-1-8 Programming table analysis .....  | 59        |
| 4-1-9 Programming tax table .....   | 60        |
| 4-1-10 Programming void table .....   | 62        |
| 4-1-11 Programming system connection .....                                      | 63        |
| 4-1-12 Programming I/O parameter .....  | 64        |
| 4-1-13 Programming printer connection .....                                     | 67        |
| 4-1-14 Programming time zone .....  | 68        |
| 4-1-15 Programming Time & Attendance .....                                      | 69        |
| 4-1-16 Programming hourly item link .....                                       | 75        |
| 4-1-17 Programming IDC link .....   | 76        |
| 4-2. Programming clerks .....   | 78        |
| 4-2-1 Programming clerk features .....  | 78        |
| 4-2-2 Programming operation .....   | 80        |
| 4-2-3 Programming commission rate .....   | 90        |
| 4-2-4 Programming table range .....   | 91        |
| 4-2-5 Programming clerk by range .....  | 92        |
| 4-2-6 Programming cashier detail .....  | 104       |

# **Contents**

---

|   |            |
|---|------------|
| 4-3. Programming key features .....   | 106        |
| 4-3-1. Programming PLU features .....   | 106        |
| 4-3-2 Programming PLU 2nd@ features .....   | 108        |
| 4-3-3 Programming subdepartment features .....                                    | 109        |
| 4-3-4 Programming department features .....                                       | 110        |
| 4-3-5 Programming by range .....  | 111        |
| 4-3-6 Programming individual program .....  | 114        |
| 4-3-7 Programming key function program .....                                      | 115        |
| <b>5. Program 2 .....</b>   | <b>132</b> |
| 5-1. Character programming .....  | 132        |
| 5-1-1 Character programming keyboard .....  | 132        |
| 5-1-2 Inputting characters by code .....  | 134        |
| 5-1-3 After completing to input characters .....                                  | 134        |
| 5-2. Programming item descriptors .....   | 135        |
| 5-2-1 Programming PLU item descriptors .....                                      | 135        |
| 5-2-2 Programming PLU 2nd unit price descriptors .....                            | 136        |
| 5-2-3 Programming Subdepartment descriptors .....                                 | 136        |
| 5-2-4 Programming Department descriptors .....                                    | 137        |
| 5-2-5 Programming PLU/subdepartment/department descriptors by range .....         | 138        |
| 5-2-6 Copying PLU descriptors to PLU 2nd unit price .....                         | 139        |
| 5-2-7 Programming function key descriptors .....                                  | 140        |
| 5-3. Programming characters and messages .....                                    | 141        |
| 5-3-1 Programming receipt message, slip message and guest receipt message .....   | 141        |
| 5-3-2 Programming text recall message .....                                       | 142        |
| 5-3-3 Programming order character link .....                                      | 142        |
| 5-3-4 Programming fixed totalizer descriptors .....                               | 143        |
| 5-3-5 Programming text recall message .....                                       | 144        |
| 5-3-6 Programming special characters .....  | 144        |
| 5-3-7 Programming report headers .....  | 146        |
| 5-3-8 Programming endorsement message .....                                       | 147        |
| 5-3-9 Programming GT character .....  | 147        |
| <b>6. Program 1 .....</b>   | <b>150</b> |
| 6-1. Presetting date and time .....   | 150        |
| 6-2. Programming unit price and rate .....  | 151        |
| 6-2-1 Programming PLU unit price .....  | 151        |
| 6-2-2 Programming PLU 2nd unit price .....  | 152        |
| 6-2-3 Programming PLU unit price and PLU 2nd unit price .....                     | 153        |
| 6-2-4 Programming subdepartment unit price .....                                  | 154        |
| 6-2-5 Programming department unit price .....                                     | 154        |
| 6-2-6 Programming PLU/PLU 2nd@/subdepartment/department unit price by range ..... | 155        |
| 6-2-7 Copying PLU unit price to PLU 2nd unit price .....                          | 157        |
| 6-2-8 Programming amount or rate to keys .....                                    | 158        |

# *Contents*

---

|   |            |
|---|------------|
| <b>7. Program 6 .....</b>                 | <b>160</b> |
| 7-1. Program read general procedure ..... | 160        |
| 7-2. Program read report sample .....     | 161        |
| 7-2-1. Unit Price/Qty .....               | 161        |
| 7-2-2. Item Descriptor .....              | 162        |
| 7-2-3. Character and Message .....        | 162        |
| 7-2-4. Machine feature .....              | 166        |
| 7-2-5. Clerk 195                          |            |
| 7-2-6. Key feature .....                  | 207        |
| 7-2-7. Keyboard .....                     | 227        |
| 7-2-8. Memory allocation .....            | 227        |
| <b>8. Program 7 .....</b>                 | <b>230</b> |
| 8-1. Program backup.....                  | 230        |
| 8-2. Program restore .....                | 231        |
| 8-3. J-Memo clear .....                   | 231        |
| 8-4. Data buckup list .....               | 232        |
| <b>Index .....</b>                        | <b>236</b> |
| Program 3 mode Hierarchy .....            | 239        |
| Program 2 mode Hierarchy .....            | 240        |
| Program 1 mode Hierarchy .....            | 240        |
| Program 6 mode Hierarchy .....            | 241        |
