

on having chosen an Olympia Office cash register.

Due to the simple layout of its keypad and numerous programmable functions, this cash register is especially user-friendly.

With this cash register you can register according to departments, memorize articles and print out a validation. Different types of reports can be generated in order to analyse the sales numbers.

This user manual describes the cash register's functions, components and operation steps. Read this manual carefully so you can take advantage of your new cash register in the best way possible.

**Olympia Office Vertriebsgesellschaft mbH**

**Important**

The action to be taken in the case of damage during transport is explained in the chapter "Reporting loss or damage" at the end of this manual.
