Sharp ER-A430 instruction Manual

SHARP®

ELECTRONIC CASH REGISTER

MODEL
ER-A430

INSTRUCTION MANUAL

If undue force is applied to the drawer, the cash register will become unstable.

CAUTION:
The socket-outlet shall be installed near the equipment and shall be easily accessible.

VORSICHT:
Die Netzsteckdose muß nahe dem Gerät angebracht und leicht zugänglich sein.

ATTENTION:
La prise de courant murale devra être installée à proximité de l'équipement et devra être facilement accessible.

AVISO:
El tomacorriente dede estar instalado cerca del equipo y debe quedar bien accesible.

VARNING:
Det matande vägguttaget skall placeras nära apparaten och vara lätt åtkomligt.

This apparatus complies with the requirements of BS 800 (EN 55014): 1988 and BS 6527 (EN 55022): 1988.

Dieses Gerät stimmt mit den Bedingungen der EN 55014, 02. 1987 und der EN 55022, 04. 1987 überein.

Cet appareil répond aux spécifications de la EN 55014, 02. 1987 et EN 55022, 04. 1987.

Dit apparaat voldoet aan de vereiste EN 55014, 02. 1987 en EN 55022, 04. 1987.

Apparatet opfylder kravene i EN 55014, 02. 1987 og EN 55022, 04. 1987.

Questo apparecchio è stato prodotto in conformità alle EN 55014, 02. 1987 e EN 55022, 04. 1987.

Αύτή ἠ συσκευή τηρεῖ τίς προδιαγραφές τῆς EN 55014, 02. 1987 κατ EN 55022, 04. 1987.

Este aparelho responde às especificações da EN 55014, 02. 1987 e EN 55022, 04. 1987.

Este aparato cumple las especificaciones de la EN 55014, 02. 1987 y EN 55022, 04. 1987.

CAUTION:
For a complete electrical disconnection pull out the mains plug.

VORSICHT:
Zur vollständigen elektrischen Trennung vom Netz, den Netzstecker ziehen.

ATTENTION:
Pour obtenir une mise hors-circuit totale, débrancher la prise de courant secteur.

AVISO:
Para una desconexión eléctrica completa, desenchufar el enchufe de tomacorriente.

VARNING:
För att helt koppla från strömmen, dra ut stickproppen.

INTRODUCTION

Thank you very much for your purchase of the SHARP Electronic Cash Register, Model ER-A430.
Please read this Manual carefully before operating your machine in order to gain a full understanding of its functions and performance.
Please keep this Manual for future reference. It will help you, if you encounter any operational problems.

IMPORTANT

- **Install your ER-A430 in a location that is not subject to direct radiation, unusual temperature changes, high humidity or exposed to water sources.**
  Installation in such locations could cause damage to the cabinet and the electrical components.
- **The register should not be operated by an individual with wet hands.**
  The water could seep into the interior of the ER-A430 and cause component failure.
- **When cleaning your register, use a dry, soft cloth. Never use volatile liquid, such as benzine and thinner.**
  The use of such chemicals will lead to discoloration or deterioration of the cabinet.
- **The ER-A430 register plugs into any standard wall outlet (Official (nominal) voltage).**
  Other electrical devices on the same electrical circuit could cause the ER-A430 to malfunction.
- **If the register malfunctions, call your local dealer for service — Do not try to repair the register yourself.**

PRECAUTION

This Electronic Cash Register has a built-in memory protection circuit which is operated by rechargeable batteries.
As you know, all batteries will, in time, dissipate their charge even if not used.
Therefore to insure an adequate initial charge in the protection circuit, and to prevent any possible loss of memory upon installation, it is recommended that each unit be allowed to recharge for a period of 24 to 48 hours prior to use by the customer.

In order to charge the batteries, the machine must be plugged in and left on in the "REG" (Registration) mode. This recharging precaution can prevent unnecessary initial service calls.
