6.5.2 RAM Clear Contents.....	53

## **1. SCOPE**

This specification applies to the key operations using the keys and the display panel of the CB-426-T3-QQ/QP two-color printers.

## **2. OUTLINE**

Keyboard operations are roughly classified into the online mode in which a pause/restart is carried out and error messages are displayed, and the system mode in which the self-test and the setting of various parameters are performed.

This specification describes the key operation procedures using the printer keys and the display panel.
