Traffic Light Relay Box 16163 (ACC-2018)

Instructions 1/01

INSTALLATION - When a Highway or Axlematic Program is installed in an F2 indicator, the Traffic Light Control Accessory 16163 must be installed. This accessory interfaces the indicator to the traffic lights. The control Box is connected to the indicator using the pre-installed cable assembly 16160 (3-93154). The wiring from the control box to the traffic lights must be done by a licensed electrician.
